<b>To:</b>	"Newby, Tyler" <Tyler.Newby@usdoj.gov>

Tyler:

thanks again for arranging the ptical disk inspection in Richmond and making the trip down, I hope that you had a good drive back to DC. It was good to meet you in person. I am writing to inquire as to whether the Government has in its possession the separate, individual referral letter from the MPAA to the Government that was sent "under separate cover" in relation to Mr. Dove, a/k/a "duffman," as is referenced on page 6 of the general referral letter from the MPAA to the FBI regarding <http://www.elitetorrents.org>, that was produced to Mr. Dove with the Bates numbers 000046 to 000091. Page 6 of that letter is Bates number 000051.

Thanks.

Sincerely,  
Michael B. Gunlicks
