RE: Scott Harvanek

Mr. Haberman:

I am happy to verify volunteer hours done by Scott Harvanek. 40+ hours have been completed.

I have had the pleasure of working with Scott as a volunteer for 4PAWS Rescue, Inc. since April of 2009. 4PAWS Rescue is a 501C3 Non-Profit Organization. Scott has worked our weekly dog adoption fairs, always arriving on time, lending a hand, and keeping a positive attitude. Scott has been extremely dependable, and is a face I look forward to seeing each week. Not only was Scott helpful, approachable, and very pleasant, he was always genuinely happy to be helping. Not only has he been helpful at the adoption fairs, but he offered his time and computer expertise to help me develop a mailing list for volunteer coordination. He has not only spent time developing a site to accomplish this task, but also spent time teaching me how to run the site and has been my continued "tech support". These services are so very necessary for our dogs and our rescue group.

I believe any organization would benefit from having Scott on their team. 4PAWS Rescue, Inc. has benefitted from having Scott volunteer with us. We hope that although his required hours are completed, he will continue to work with us.

Sincerely,

Dear Honorable Judge Christopher A. Boyko,

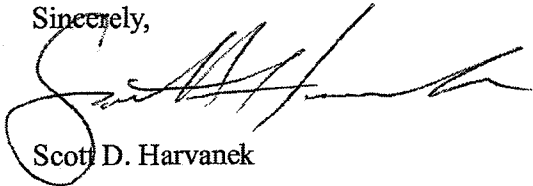

I'm writing this letter to request an early termination of my probation. I have over the past year completed my required obligations to the court, continued my volunteer work past my needed hours and started a family. I would greatly appreciate an early termination of my probation to ease travel restrictions for work and seeing my family in Ohio. I also hope to finally (five years delayed) go on a honeymoon with my wife.

Part of my punishment was to provide 100 hours of community service, I have exceeded that and have attached a letter from one of the owners of the non-profit company I was volunteering for that was sent to my Probation Officer. I have continued to volunteer for them well after my 100 hours as it is rewarding and enjoyable.

I would like the ability to travel more with my Son to see family without the need for prior approval, this would allow my family to see him more often and I'm sure they would appreciate that. Since I have now moved to Colorado due to my wife's service in the USAF traveling back to Arizona for my job is a bit difficult and a early termination of my probation would greatly help that. I'd like to get back there more often as physically being there is much more productive than working remotely.

I appreciate your consideration and hope you have an excellent new year.

Sincerely,
